About Foremost Marbles

We are importers and manufacturers of imported marbles for the last 30 years. Foremost Marbles is headquartered in Mumbai and operates with an exclusive showroom and stockyard in Silvassa. In our factory in Silvassa (D.N. & H.), we have exclusive and exotic marble of different types and color variations; hence, you can get everything under one roof. We have our own independent machinery and tools for material processing. The imported marbles, which originate from Italy, Turkey, Portugal, Greece, Spain, and other countries, are handpicked by highly experienced professionals to cater to the customers' needs. Foremost Marbles (FM) is the foremost importer in the architectural world of stones. We believe in good quality and transparency. You can be assured of unrivaled services and quality from us.

PREM KUMAR AGARWAL
(Founder)

Prem Kumar Agarwal, the visionary founder, is a highly qualified technocrat with over 30 years of extensive expertise in natural marbles and stones. His deep knowledge and rich experience have been instrumental in shaping the industry.

PRAKHAR AGARWAL

Prakhar Agarwal is a marble industry expert known for his deep knowledge and distinctive approach to building lasting relationships. Guided by his ambition to help others and connect widely, he strives to inspire and support those around him, leaving a meaningful impact in every interaction.

Industrial Complex

Located at Silvassa between the states of Maharashtra and Gujarat – Foremost Marbles is a modern and sustainable industrial park, installed in an area of 2 lakhs sqft with a production capacity of 2 lakhs sqft monthly. With an extensive technological and physical infrastructure, we are a reference in the processing and marketing of natural stones in the Indian market.

Environmental Responsibility

In order to reduce the activity impacts on the environment, Foremost uses a special filter during the production process of natural stone to prevent waste from being directly discharged into the environment. The company has invested in a solar power plant within the production process to utilize light energy generated by the sun for clean electricity/energy throughout the entirety of the facility.

A woman in a long, flowing white gown is lying on a sandy beach. The gown is draped over her and extends into the water. The background is split vertically: the left side is a warm, golden-brown color, and the right side is a deep blue ocean with white foam from waves. The word "Onyx" is written in large, white, stylized cursive letters across the center of the image, partially overlapping the woman and the water.

A photograph of a modern interior. The background wall is covered in a dense mosaic of blue and green agate slices, creating a vibrant, textured effect. In the foreground, a light-colored, textured sofa with a scalloped backrest and a single pillow is positioned. To the right, a green plant with long, thin leaves is visible. The floor is a dark, neutral color.
